

DCN-WPS Power Supply for Wireless Discussion Units

www.boschsecurity.com

BOSCH

Invented for life

- Powers wireless discussion units if no battery pack is present

The DCN-WPS power supply enables wireless discussion units to be used without a battery. The DCN-WPS does not provide any battery charging capability (a DCN-WCH05 charging unit is required). The unit comes complete with a 1.5 m cable and international mains supply connectors (Euro, UK, Rest of World).

Notice

For countries where the EU- and UK-connector cannot be used, attach the 'Rest of World' connector to your own supplied cable (this cable must have a connector according to IEC 60 320 part 1 version C7 on the DCN-WPS-side; and a commonly used connector for your country on the other side).

Certifications and approvals

Region	Certification
Europe	CE

Technical specifications

Electrical

Rated input voltage	100-240 VAC (50 – 60 Hz), 150 mA
Rated output voltage	9 VDC (500 mA)

Mechanical

Dimensions (H x W x D)	65 x 57 x 28 mm (2.56 x 2.24 x 1.10 in)
Weight (per package)	approx. 100 g (0.22 lb)
Color	Black
